

The screenshot shows the Aras Innovator software interface within a Microsoft Internet Explorer browser window. The interface includes a menu bar (File, Edit, View, Search, Actions, Reports, Tools, Help) and a toolbar. On the left, there is a navigation pane with categories like Administration, Change Management, Design, and Products. The main area displays a table of projects with columns for Project Number, Name, Status, Sched Start, Sched Due, and Phases (Ph 1, Ph 2, Ph 3, Ph 4, Ph 5). The table lists various projects such as '1381 10M Satellite Radio', '1380 Console Development', '1379 Cadillac SRX Sunroof Development', etc. The status of projects is indicated by colored cells (green for active, red for pending, yellow for on hold).
